

PITT MEADOWS PADDLING CLUB

Do you have a group or class looking for a special outing or a fun team building event?

Let the Pitt Meadows Paddling Club design a group activity for you!

We can accommodate groups of people for one-time and multi-session bookings. We supply the safety equipment and staff, PFDs, paddles and qualified coaches who will accommodate your group's willingness for fun, teamwork and adventure.

Dragon Boating Experience

What does a dragon boating experience include?

- Some history and background of the sport of dragon boating (dating back to Ancient China!)
- Learn how to select and properly fit a PFD
- Introduction to proper paddling technique
- Possibly some fun races (depending on size of group and session duration)
- Exploring the Alouette River, observing a wide variety of birds and plants. You might get the chance to see fish, otters, or even an eagle, osprey or seal!

Note: Each dragon boat seats between 20 and 24 individuals (depending on the boat).

Challenge your students, sports team, campers, or social group to an adventure on the water!

Dragon Boating, Kayaking & Stand Up Paddle Boarding (SUP) Experience

If you are looking for something a bit more involved, have more time, or have a group that is larger than 20, you might prefer to book one or more sessions that include Dragon Boating, Kayaking and Stand Up Paddle Boarding (SUP).

While some individuals go out to paddle in the dragon boat, the others will have their turn in the kayaks and SUPs. Then, the groups will switch to give everyone an opportunity to try each type of paddling.

A dragon boating, kayaking and stand up paddle boarding session includes everything in the basic dragon boating package, plus:

- Participants rotate through the different paddling activities
- Introduction to kayaking and stand up paddle boarding
- Paddling techniques specific to kayaking and stand up paddle boarding
